

## **UTILA – DEEP BLUE DIVE RESORT**

APRIL 28 – MAY 5, 2018

**WHALE SHARK HIGH SEASON!**

### **WORLD FAMOUS WHALE SHARK RESEARCH CENTER**

Deep Blue Resort Utila is a 5 Star Gold Palm PADI IDC Resort and an all inclusive scuba diving vacation venue. The resort is set in a beautiful beach front location called Pretty Bush, it is surrounded by coconut palms with 10 spacious, air conditioned deluxe rooms, all with large private balconies overlooking its own white sand beach and the crystal waters of the Caribbean. From the beach our guests have access to unlimited shore diving night or day on 3 of the best south side dive sites; the reef starts at the shoreline.

Utila is one of our all time favorite Caribbean dive locations. Dive sites vary providing great diversity, sea life is abundant and the dive crew is superior.

Service is wonderful, the food is good and you can learn as much as you want about the whale sharks! We will be there in Whale Shark high season and hopefully you will be snorkeling with these gentle giants. Snorkeling with a pod of dolphin passing through has happened many times for us as well.

**THE PRICE IS AWESOME!**
